

# PureStation™ Mobile Cart

The mobile cart assures easy transport and storage of the PureStation Sink Insert and its contents. PureStation inserts fit perfectly into the mobile cart and is available with or without the FlexiPump™ Independent Flushing System. This cart has a multi-purpose function:

- Enables processing at point of use
- Safely accommodates transport of scopes
- Can be brought out at peak processing hours as an additional sink
- Can be used to establish a separate dedicated pre-cleaning area for ocular instruments
- Specialty sinks available; Dedicated Eye Sinks, XI Mobile Cart Sink

OSHA Central Supply, "use carts with large, low rolling, low resistance wheels, that can easily roll over mixed flooring as well as gaps between elevators and hallways."
