GelPro® New-Life™ Eco-Pro™ Workflow Anti-Fatigue Mats

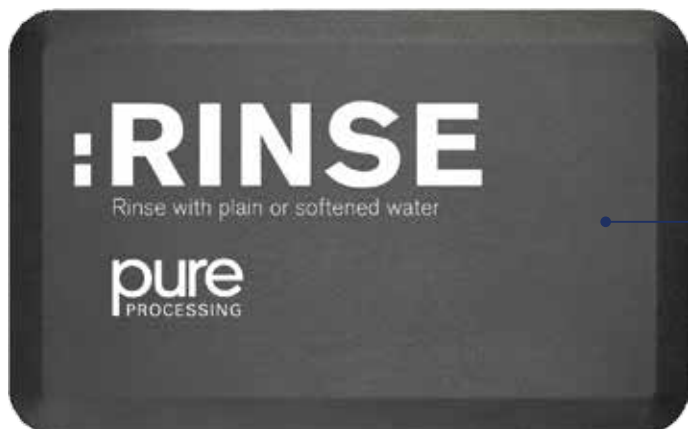

Establish workflow efficiency with custom anti-fatigue mats

Easily indicate sink workflow recommendations with custom-printed GelPro New-Life Eco-Pro Workflow Anti-Fatigue Mats. Workflow mats come in up to four workflow options: soak, wash, intermediary rinse and final rinse.

HSPA Central Service Technician Manual, 8th Edition recommends the following sink basin workflow:

- WASH with water and detergent
- RINSE with plain or softened water
- RINSE with distilled, deionized, or reverse osmosis water

- Unmatched ergonomic comfort reduces discomfort & fatigue caused by standing
- Integral polyurethane skin one-piece construction will not absorb water or dirt
- Positively impacts employee productivity, safety & retention
- Extremely durable
- Matte textured surface provides optimum friction
- Low-profile, durable edges prevent tripping
- Cart wash safe
