

PureStation™ Mobile Cart

The PureStation™ Mobile Cart assures easy transport and storage of the PureStation™ Sink Insert and its contents. PureStation inserts fit perfectly into the mobile cart and is available with or without the FlexiPump™ Independent Flushing System. This cart has a multi-purpose function:

- Enables processing at point-of-use
- Safely accommodates transport of scopes and instruments
- Can be brought out at peak reprocessing hours as an additional sink
- Can be used to establish a separate dedicated pre-cleaning area for ocular instruments
