

VR™ Sleeve Gloves

Durable & strong protection all day long

Unique fusion of 15 mil Nitrile glove and VR 4 mil protective sleeve

Comfortably flexible with high tactile sensitivity

28 inch length provides complete durable hand and arm protection

Elastic cuff prevents slippage from upper arm

Greater Protection

- ◆ Resistant to broad range of hazardous chemicals
- ◆ Meets or exceeds OSHA level D Chemical Protective Apparel requirements for splash protection
- ◆ Latex free, lightweight, and strong enough to last all day
- ◆ Eliminates the need to double-glove
- ◆ Puncture- and tear resistant
- ◆ Can be reused throughout the day

Manufactured with pride in the U.S.A.
