# PureSteel Ergonomic Workstation and Assembly Table Accessories

Tabletop light allows for easy inspection of instruments and wrap materials

## Lighting & Inspection Tools

### Tabletop Light

- Dimmable tabletop light provides illumination for inspection of sterile wrap materials

### Light Hoods

- Increase overall lighting at assembly tables; increase visualization for inspection

### PureSteel™ LED Magnifier Task Light

- Up to 3x magnification to assist with visual inspection
- Features on/off switch and dimmable lighting
- 31" or 39" arm lengths

### PureSteel™ Halogen Magnifier Task Light

- 2x magnifier assists with visual inspection
- Targeted illumination with a 27" flexible gooseneck arm

### PureClear Borescope Mount

- Mount holds digital and fiberoptic borescopes by Pure Processing
- Sheath protects delicate optical lens

## Organizational Accessories

### Bin Shelves

- Keep tools for assembly at easy to reach locations
- Available in two sizes: 5.5" and 11" wide

### Peel Pouch Organizational Rail

- Hang peel pouch rolls, stickers and other sterilization materials on a rail for easy dispensing and filling

### Pegboard Hooks

- Hang accessories from pegboards; hardware-free installation for rearrangeable layouts

### Drawer (built-in)

- Optional integrated drawer organizes and stores accessories

### Peel Pouch Rack Shelf

- Vertically stores and organizes pre-cut peel pouches

### Wire Baskets

- Organize supplies onto a pegboard at ergonomic height for staff and create more workspace

### Shelves

- Available in 2', 3' or 4'

### Tabletop Ruler

- Built-in to tabletop surfaces
- Accurately measure packaging and assembly materials
- Available in custom lengths

## Ergonomic-Friendly Tools

### PureSteel™ Ergonomic Table Pull Out Shelf

- Pull-out shelf that adds working and staging space when needed, and slides away when not in use.

### Footrest (built-in)

- Optional integrated footrest creates ergonomic, comfortable working positions for staff

### Height-Adjustment Foot Pedal

- Foot pedal allows for hands-free height-adjustability of tables

### Anti-Fatigue Mats

- Provide ergonomic relief from long periods of standing

### Height Adjustable Shelf

- Height-adjustable storage shelf allows for easy access of materials

## Computer & IT Accessories

### PC Tower Shelf (built-in)

- Optional built-in shelf allows for storage of PC towers and frees workspace

### Touchscreen Monitors

- 10" and 24" versions available

### Printer Shelf (built-in)

- Optional built-in printer shelf keeps printers off of the workspace

### Monitor Arms & Mounts

- Mount tables, monitors and computer accessories; keep IT off work tops and organize power
- Multiple mounting styles available
